

Acton Public School Preschool

Photo Release

Throughout the school year the Preschool Staff would like to be taking pictures of the children. Primarily, this will involve taking photographs to be used as part of classroom activities. There may be some times however when the staff would like to use pictures for other purposes outside of class including program promotion or presentations of the program to outside groups. We want to ask your permission to use pictures of your child for that purpose. Please indicate your preferences in the space below.
